

**VISION OF THE HAND WRITTEN  
NOTE FROM HEAVEN**  
May 11, 2009 Visitation Of GOD

THE VISION THAT DEFINED GOD'S LOVE

THE SHOCKING VISION

**W**HEN GOD ALMIGHTY presented to me a *Note Written* by HIS own Hands in the vision of May 11th, 2009 night, it became yet another moment of HIS tender *disposition* towards today's church of Christ. Such a phenomenal vision effectively translates into *Love Unending* and *grace unveiled* upon humanity. This astounding vision of a Note Written by GOD's own Hand, goes a long way to unveil to us the deeper *tidings* that manifested when Jesus appeared as a tiny babe in the Bethlehem manger, and as a Saviour who healed the sick and raised the dead and applied the *salve* of HIS love on the wounds of man's *errors*. Today, through this loving vision of the *Hand-Written Note* of GOD, we are vividly reminded here of the deeper *unsearchable* nature of JEHOVAH GOD. In that year, the LORD the GOD of Israel sent me to Paris, France to announce to them that the coming of the Messiah has now drawn nearer than when they

first believed. This has since then turned out to be the most surprising vision of our time, since it involved the LORD GOD ALMIGHTY HIMSELF literally handing me down HIS Personal Hand-Written Note. A direct communication of this nature is what shocked me most regarding how close GOD THE FATHER can get to man. It has since stood out as the most significant visitation in the church yet, within a series of outstanding visions that the LORD has been conversating with the church. It is incredible that all this unrelenting discourse has been directed at the most anticipated day of *rapture*. On that May 11th 2009, it was at 2:50am in the night, when I saw the mighty vision of GOD ALMIGHTY unfold right before my eyes. And all of a sudden, in that exceptional vision of GOD, I found myself walking along a narrow path that was well *illuminated* from above. As I walked on is when I realized that the light that was *luminating* the path I walked was as a matter of fact coming

directly from heaven. The brilliance of the *Light* that shone from heaven above was so bright that I could literally feel the weight of the rays as they shone on the path. The Spirit of the LORD also made me very much aware that this was the most *holy ground* to encounter. The illumination of the bright *light* that shone from above, is what made it possible for me to clearly see every rock and stone that was on the path I walked that night. Indeed, it was that brilliant *Light* that safely navigated on that path without having to hit any of the rocks that defined that way. Then abruptly and without any advance forewarning, a tremendous Voice spoke aloud from heaven saying,'

**"LOOK AND SEE WHAT HAS FALLEN AT YOUR FEET."**

All I can clearly remember is that when the LORD Spoke in that glorious vision, instead of looking at my feet to see what had fallen on them, out of shock, I immediately looked right up above me, and towards the sky from where the tremendous Voice of the LORD had come. The Voice of the LORD was so overwhelming that it became practically impossible for me to ignore it in that vision. Be it as it may, I surely attempted to look up from where GOD ALMIGHTY had spoken. It was in that precise moment, while I was still looking up in an attempt to see from where the voice had come, that I unexpectedly got the biggest shock of my life when I saw what looked like a small *piece of paper* come falling down from heaven, and directly towards me. The *piece of paper* that I saw dropped from heaven, came down towards the earth and directly targeting me. The manner in which that *piece of paper* had been dropped from heaven, caused it to come down floating in the air like a kite. As the forces of wind sustained its buoyancy, this *piece of paper* still continued on in its relentless fall towards the earth. The *piece of paper* I saw floating while coming down in the sky from heaven, was so glorious that it even *lit* its path towards the earth.

As all this happened, the powerful illumination of GOD's glory from heaven still beamed my path. What surprised me most was when I tarried a little by looking down at the path then I was shocked to see that the *piece of paper* that was coming all the way from heaven had suddenly fallen at my feet. It surely must have picked up a supernatural speed on its descent to be able to suddenly land on my feet. It had fallen at my right foot. That is when I picked that glorious white *piece of paper* that had just fallen on my right foot. In that vision, as I picked the *piece of paper* that had just fallen from above, I quickly noticed that it was as a matter of fact a *Written Note* from heaven. That is the moment when it ultimately dawned on me on the gravity of the fact that **I HAD JUST RECEIVED A WRITTEN MESSAGE FROM GOD ALMIGHTY IN HEAVEN.** That was the instant at which I realized that GOD ALMIGHTY in heaven HIMSELF had actually this time around decided to send me a real *Written Note*. What surprised me even more, was that the *note* I had just received, was as a matter of fact a *Hand-Written Note* by GOD in heaven HIMSELF. The truth of the moment began to unfold even further when I noticed that apart from being *Hand-Written*, the Personal note I was in the process of receiving from heaven in this vision, was written using a blue ink fountain pen. In this vision, as I attempted to read the *Hand-Written Note* that I had just received from heaven, that is when it clearly dawned on me that the writings of this heavenly note were made in a descending order from top to bottom. The *piece of paper* used was glowingly super glorious. The *note* I received was written three times, in the same manner and by same ink

pen. When I began to read the three-tier written note from heaven, the first writings above read;

*I am Coming*

As I read on, the second writing in descending order, the one that was sandwiched between the two, read;

*I am Coming*

And finally, when I read the third portion of this glorious *Hand-Written Note* of JEHOVAH the GOD of Israel, it likewise read:

*I am Coming*

In a nutshell then, this is what GOD's hand-written message on the glorious heavenly *piece of paper* read:

*I am Coming  
I am Coming  
I am Coming*

Waking up from the vision is when I looked at the clock and realized it was at about 2:50am in the morning. I also gradually began to embrace the sobering and most perplexing reality that the LORD GOD ALMIGHTY had just sent me a *Hand-Written Note*. The GOD OF HEAVEN had just written to me like a friend write to a friend. That was most shocking! The message to the church however is very clear because it says that the LORD is coming. But for the LORD to say it three times that the Messiah is coming, it must verily imply that indeed, this time around, **HE IS COMING.** The LORD is telling the church that she needs to *prepare* in absolute *righteousness* and *holiness* in order to be able to receive the coming Messiah. It also points to the fact that time is over. ■
